****Tuition rates are set within guidelines determined annually by the State of Florida. Programs that extend beyond the 2011-2012 academic year will probably have a tuition rate that is different from the \$11.17 per clock hour that is currently used. Other costs will probably vary as well.**

Tuition must be paid on a semester basis. If not paid at least two weeks before class begins, iTECH cannot guarantee enrollment in the program.

Any academic requirement, fee, and/or information contained in this publication is subject to change or revocation without notice.

*** Recommended Program Length is to be used as a guideline. Individual students may complete a program of study in 75% to 125% of the recommended number of hours. These guidelines may be modified with 504 Plan, an AIEP, or with documented administrative approval. ***If completed within the State of Florida DOE recommended hours.**

*****If completed within the State of Florida DOE recommended hours.**
